The running of the periods shall be suspended for the time during which the indemnity is unascertainable or not payable due to reasons within the Takaful Participant's control. Any deficit in the Risk Fund would be met through an interest free loan (Qard) from the Shareholders' Fund. Such loan would be a first charge against the future surplus arising from the Risk Fund.

If there is a deficit in the Risk Fund due to the Company's negligence, then it is the responsibility of the Company to ensure that the fund is stable through outright transfer method and not deemed as an advance through the Qard.
