Product: My First Home Scheme-i – Syarikat Jaminan Kredit Perumahan (MFHS-SJKP)

Date:
Customer's Name:

1 What is this product about?

The Bank's My First Home Scheme-i – Syarikat Jaminan Kredit Perumahan ("MFHS-SJKP") is a Shariah compliant home financing facility offered to non-fixed income and selected fixed income customers for purchase of residential properties value minimum of RM100,000 and above for own occupancy. This Facility is financially guaranteed by Syarikat Jaminan Kredit Perumahan Berhad (SJKP Bhd). The Facility is on variable rate basis and you are offering your house as security for this financing.

2 What is the Shariah concept applicable?

The applicable Shariah concept is Tawarruq which comprises Murabahah and Wakalah.

Tawarruq means arrangement that involves sale of an asset to the purchaser on a deferred basis and subsequent sale of the asset to a third party to obtain cash.

For this product, the Tawarruq arrangement is as follows:

The Bank will sell the commodities to you on Murabahah basis at the Bank's Selling Price on deferred payment. Under this arrangement, the purchase of the commodities will be performed by the Bank as your Purchase Agent. The Bank (in its capacity as your Sale Agent) will then sell the commodities to a third party Commodity Trader at cost price which is equivalent to the financing amount. The proceeds from the sale of the commodities will be disbursed to you as per agreed terms and conditions.

Murabahah refers to the selling of goods/assets at a price whereby the cost and profit margin (mark-up) are made known and agreed to by both parties.

Wakalah refers to a contract in which a party mandates another party as his Agent to perform a particular task in matters that may be delegated voluntarily. Under this product, the Bank will act as your Purchase Agent and Sale Agent to complete the Tawarruq arrangement

3 What is the Standardised Base Rate (SBR)?

The SBR we offer on this product is based on the benchmark rate specified by Bank Negara Malaysia. The benchmark rate is currently set as the Overnight Policy Rate (OPR), which reflects the monetary policy stance as decided by the Monetary Policy Committee of Bank Negara Malaysia.

For more information on SBR implementation, please refer to BNM's Consumer Guide and Frequently Asked Questions (FAQs) at: https://www.mbsbbank.com/SBR_BR_BFR

4 What are possible scenarios that may trigger a change in the SBR?

The SBR can rise or fall due to changes in the benchmark rate, i.e. changes in the Overnight Policy Rate (OPR).

5 Historical SBR for the past 3 years.

Note: Please refer to the latest update of the historical benchmark SBR at www.mbsbbank.com.
