## BASEL II PILLAR 3 - CAPITAL ADEQUACY FRAMEWORK FOR ISLAMIC BANKS ("CAFIB") DISCLOSURES

#### Overview

The purpose of this disclosure is to provide the information in accordance with Bank Negara Malaysia ("BNM") Capital Adequacy Framework for Islamic Bank (CAFIB – BASEL II) – Disclosure Requirements (Pillar 3) Guideline. This supplements the related information in the Note 30 to the Financial Statements for the financial period ended 30 June 2021 for MBSB Bank Berhad.

The Pillar 3 disclosure requirements aim to enhance transparency by setting the minimum requirements for disclosure of information on risk management practices and capital adequacy of Islamic Banks. In compliance with the disclosure requirements by BNM, the Pillar 3 disclosure of the Bank Group is prepared for 2 periods: 30 June and 31 December. This disclosure is also made available under the Financial Statements section of the Bank's website at www.mbsbbank.com.

#### **Capital Adequacy**

The capital adequacy ratios of MBSB Bank Berhad ("Bank") and its subsidiary ("Bank Group") and the Financial Holding Company and its subsidiaries ("Group") are computed in accordance with BNM's Capital Adequacy Framework for Islamic Banks (Capital Components) guideline.

The Group and the Bank Group have adopted the Standardised Approach for Credit Risk and Market Risk, and the Basic Indicator Approach for Operational Risk.

The capital adequacy ratios of the Group and the Bank Group consist of capital base and risk-weighted assets derived from consolidated balances of the Group and its subsidiaries. The Group's capital requirements are generally based on the principles of consolidation adopted in the preparation of the financial statements, as discussed in Note 1 to the Financial Statements for the financial period ended 30 June 2021.

During the financial year, the Group and the Bank Group did not experience any restrictions or other major impediments on the transfer of funds or regulatory capital within the Group.

#### Capital management

The Group's and the Bank Group's objectives when managing capital, which is a broader concept than the 'equity' on the face of the statement of financial position, are:

- To comply with the capital requirements set by the regulators of the banking markets where the entities within the Group and the Bank operate;
- To safeguard the Group's and the Bank's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders; and
- To maintain a strong capital base to support the development of its business.

#### Transitional Arrangement For Regulatory Capital Treatment of Expected Credit Loss

On 9 December 2020, BNM issued a revised Policy Document on the Capital Adequacy Framework for Islamic Banks (Capital Components) ("CAFIB") with immediate effect, superseding the version previously issued on 5 February 2020. The key change in the revised CAFIB from its earlier version is the incorporation of requirements on the transitional arrangement for regulatory capital treatment of expected credit losses ("ECL") provisions under Part G Transitional Arrangements from Sections 38 to 39 of CAFIB.

This new optional transitional arrangement allows Islamic financial institutions an election, to add back the amount of loss allowance measured at an amount equal to 12-month and lifetime ECL to the extent they are ascribed to non-credit impaired exposures (hereinafter referred to as Stage 1 and Stage 2 provisions) to CET1 capital on a gradual phase-out basis either over a four-year period from the financial year beginning 2020, or over a three-year period from the financial year beginning 2021.

The Group and the Bank Group have elected to apply the transitional arrangement ("TA") for regulatory capital treatment of ECL for four financial years from the financial year beginning 1 January 2020 to 31 December 2023. The intended first reporting period of the application of the TA is the financial year ending 31 December 2020.

The amount of Stage 1 and Stage 2 provisions to be added back to CET1 Capital shall be calculated as follows:

	Add-back = max {0; [(Provisio	$ns_{Current} - Provisions_{Bas}$	<sub>se</sub> ) x F]}		
where-					
Add-back	amount of Stage 1 and Stage 2 p at the reporting date	rovisions eligible to be	e added bac	k to CET1 Capital as

Provision <sub>Base</sub>	total Stage 1 and Stage 2 provisions as at the base reference date 1 January 2020 where the transitional arrangements are applied over a four-financial year period
