BASEL II PILLAR 3 - CAPITAL ADEQUACY FRAMEWORK FOR ISLAMIC BANKS ("CAFIB") DISCLOSURES

Overview

The purpose of this disclosure is to provide the information in accordance with Bank Negara Malaysia ("BNM") Capital Adequacy Framework for Islamic Bank (CAFIB – BASEL II) – Disclosure Requirements (Pillar 3) Guideline. This supplements the related information in the Note 29 to the Interim Financial Statements for the year ended 30 June 2019 for MBSB Bank Berhad.

The Pillar 3 disclosure requirements aim to enhance transparency by setting the minimum requirements for disclosure of information on risk management practices and capital adequacy of Islamic Banks. In compliance with the disclosure requirements by BNM, the Pillar 3 disclosure of the Bank Group is prepared for 2 periods: 30 June and 31 December. This disclosure is also made available under the Financial Statements section of the Bank's website at www.mbsbbank.com.

Capital Adequacy

The capital adequacy ratios of MBSB Bank Berhad ("Bank") and its subsidiary ("Bank Group") and the Financial Holding Company and its subsidiaries ("Group") are computed in accordance with BNM's Capital Adequacy Framework for Islamic Banks (Capital Components) guideline.

The Group and the Bank Group have adopted the Standardised Approach for Credit Risk and Market Risk, and the Basic Indicator Approach for Operational Risk.

The capital adequacy ratios of the Group and the Bank Group consist of capital base and risk-weighted assets derived from consolidated balances of the Group and its subsidiaries. The Group's capital requirements are generally based on the principles of consolidation adopted in the preparation of the financial statements, as discussed in Note 1 to the Interim Financial Statements for the year ended 30 June 2019.

During the financial year, the Group and the Bank Group did not experience any restrictions or other major impediments on the transfer of funds or regulatory capital within the Group.

Capital management

The Group's and the Bank Group's objectives when managing capital, which is a broader concept than the 'equity' on the face of the statement of financial position, are:

- To comply with the capital requirements set by the regulators of the banking markets where the entities within the Group and the Bank operate:
- To safeguard the Group's and the Bank's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders; and
- To maintain a strong capital base to support the development of its business.
